2018 BCA Summer Algebra Intensive Review

*The BCA Summer Algebra Intensive Review covers all of the topics in a typical Algebra I course.
Six Weeks: June 26th through August 2nd, from 8:00 a.m. to 12:00 p.m.*

Week 1: June 26th through June 29th

Week 2: July 2nd, 3rd, 5th, 6th

Weeks 3-6: Monday through Thursday

This course is only open for Bergen County Academies incoming freshmen:

The course is recommended for incoming BCA freshmen who have been placed in Advanced Algebra. For these students, the course offers the potential to change their 9th grade placement to Analysis I, which will in turn allow them to take Calculus in their junior year (please see the "BCA Math Course Sequence" below). Even if placement is not changed, this course will be a great review and preparation for BCA. For this reason, we also recommend this course for students who are placed in Analysis I and want to review Algebra.

Cost: \$470

Students are accepted on a first-come, first-served basis: please sign up at your earliest convenience. Register using the following site:
